Growing up in a family lumber business, Mike has spent his entire career of 35+ years in the building materials industry. Following the sale of the family business, Mike joined Seigle's, a regional LBM operating in the greater Chicago area, where he held several senior management roles. He later joined Truswal, an ITW company providing connector plates and engineering software to the building components industry as a Regional Sales Manager and later as Director of Sales and Business Development for ITW's structural hardware business. Mike then joined the Kodiak team in 2014 with New England Building Supply as Co-President alongside his brother Pat and has since become a valued member of the leadership team.

A dedicated servant to the community, Mike actively supports various community and charitable organizations. Mike attended the University of Wisconsin in La Crosse studying business.
